Update on the South County Court renovations;

I am sorry to report that the boundary lines for the renovated courts and the permanent net pole positions were completed incorrectly and now have to be done again. There have been an unbelievable number of delays in the completion of this project. We were hopeful to have a short registration period and then begin our winter leagues and drills by the first week in January. The County is not going to sign off on this project and allow PRP to rent these courts until all of the agreed upon specifications have been met by the contractor. Leagues will commence just as soon as we are allowed to rent the courts. As of this moment the County is not projecting when that might be.
